JOB OFFER

Driver CE - Flowers and plants day shift

In this company you're more than just a truck driver. You are also the face towards the customers and you need to take good care of the products (flowers and plants) that you transport. Of course you drive a nice truck with an on-board computer and you receive support from the planning department.

What are you going to do

You start your working day at the location in De Kwakel (Aalsmeer). After a cup of coffee you will receive your papers and head out onto the road. You will transport plant products in the Netherlands and countries close to the Netherlands, you will drive with a tractor-trailer or box truck. Along the way you will find growers, wholesalers and garden centers. You load and unload carts and pallets independently. You are also responsible for completing the papers. For questions along the way, you can go to the transport planning department, which assists you at all times.

You are a customer-focused driver who is dedicated to the job. You work together in a team of drivers and transport planners. It is important that you're in a good physical condition.
